

COMPANY PROFILE: ROYAL FOOD SERVICE

Since 1994, Royal Food Service has maintained a standard of excellence to become the premier supplier of fresh produce and food service items in the southeast. Family owned and operated, Royal Food Service is committed to providing the highest quality Georgia grown products while also sourcing through its global network of suppliers. Royal brings value to our customers by offering a variety of fresh product offerings, regular supply of local and organic products, and competitive pricing. Royal's success is directly aligned with the success of our customer partners.
